BILLING CODE 6210-01-F

James River Bankshares, Inc.; Formation of, Acquisition by, or Merger of Bank Holding Companies

The company listed in this notice has applied for the Board's approval under section 3 of the Bank Holding Company Act (12 U.S.C. 1842) and § 225.14 of the Board's Regulation Y (12 CFR 225.14) to become a bank holding company or to acquire a bank or bank holding company. The factors that are considered in acting on the applications are set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

The application is available for immediate inspection at the Federal Reserve Bank indicated. Once the application has been accepted for processing, it will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing to the Reserve Bank indicated for that application or to the offices of the Board of Governors. Any comment on an application that requests a hearing must include a statement of why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute and summarizing the evidence that would be presented at a hearing.

Comments regarding this application must be received not later than December 29, 1995.

A. Federal Reserve Bank of Richmond (Lloyd W. Bostian, Jr., Senior Vice President) 701 East Byrd Street, Richmond, Virginia 23261:

1. *James River Bankshares, Inc.*, Suffolk, Virginia; to acquire 100 percent of the voting shares of Bank of Isle of Wight, Smithfield, Virginia.

Board of Governors of the Federal Reserve System, November 29, 1995.

Jennifer J. Johnson,

Deputy Secretary of the Board.

[FR Doc. 95-29549 Filed 12-4-95; 8:45 am]

BILLING CODE 6210-01-F

SouthTrust Corporation; Acquisition of Company Engaged in Permissible Nonbanking Activities

The organization listed in this notice has given notice under § 225.23(a)(2) or (e) of the Board's Regulation Y (12 CFR 225.23(a)(2) or (e)) for the Board's approval under section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)) and § 225.21(a) of Regulation Y (12 CFR 225.21(a)) to acquire or control voting securities or assets of a company engaged in a nonbanking activity that is listed in § 225.25 of Regulation Y as closely related to banking and permissible for bank holding companies. Unless otherwise noted, such activities will be conducted throughout the United States.

The notice is available for immediate inspection at the Federal Reserve Bank indicated. Once the notice has been accepted for processing, it will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the question whether consummation of the proposal can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices." Any request for a hearing on this question must be accompanied by a statement of the reasons a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal.

Comments regarding this application must be received not later than December 19, 1995.

A. Federal Reserve Bank of Atlanta (Zane R. Kelley, Vice President) 104 Marietta Street, N.W., Atlanta, Georgia 30303:

1. *SouthTrust Corporation*, Birmingham, Alabama, and SouthTrust of Georgia, Inc., Atlanta, Georgia; to

acquire Bankers First Corporation, and its subsidiary, Bankers First Savings Bank, both of Augusta, Georgia, and thereby engage in operating a savings association, pursuant to § 225.25(b)(9) of the Board's Regulation Y. At consummation, Bankers First Corporation will merge into SouthTrust of Georgia, Inc., and Bankers First Savings Bank, FSB, will merge into SouthTrust of Georgia's bank subsidiary, SouthTrust Bank of Georgia, N.A., Atlanta, Georgia.

Board of Governors of the Federal Reserve System, November 29, 1995.

Jennifer J. Johnson,

Deputy Secretary of the Board.

BILLING CODE 6210-01-F

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention
[30DAY-02]

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Office on (404) 639-3453.

The following requests have been submitted for review since the last publication date on November 29, 1995.

Proposed Projects

1. National Home and Hospice Care Survey—(0920-0298)—Reinstatement—

The National Home and Hospice Care Survey (NHHCS) was conducted in 1992, 1993, and 1994. It is part of the Long- Term Care Survey. Section 306 of the Public Health Service Act States that the National Center for Health Statistics “shall collect statistics on health resources * * * [and] utilization of health care, including utilization of * * * services of hospitals, extended care facilities, home health agencies, and other institutions.” NHHCS data are used to examine this most rapidly expanding sector of the health care industry. Data from the NHHCS are widely used by the health care industry and policy makers for such diverse analyses as the need for various medical supplies; minority access to health care; and planning for the health care needs of the elderly. The NHHCS also reveals detailed information on utilization patterns, as needed to make accurate assessments of the need for and costs

associated with such care. Data from earlier NHHCS collections have used by the Congressional Budget Office, the Bureau of Health Professionals, the Maryland Health Resources Planning Commission, the National Association for Home Care, and by several newspapers and journals. Additional uses are expected to be similar to the uses of the National Nursing Home Study. NHHCS data cover: Baseline data on the characteristics of hospices and home health agencies in relation to their patients and staff, Medicare and Medicaid certification, costs to patients, sources of payment, patient’s functional status and diagnoses, and categories of staff employees. Data collection is planned for the period July- October, 1996. Survey design is in process now.

Sample selection and preparation of layout forms will precede the data collection by several months.

Respondents	No. of re-spond-ents	No. of re-sponses/re-spond-ent	Avg. bur-den/re-sponse (in hrs.)
Facility	1200	1	0.333
Current Patient	8400	1	0.19
Discharged Patient	8400	1	0.214

The total annual burden is 3,792.

Send comments to Allison Eydt; Human Resources and Housing Branch, New Executive Office Building, Room 10235; Washington, DC 20503.

2. National Hospital Discharge Survey—(0920-0212)—Extension—The National Hospital Discharge Survey (NHDS), which has been conducted continuously by the National Center for Health Statistics, CDC, since 1965, is the principal source of data on inpatient utilization of short-stay, non-Federal hospitals and is the only annual source of nationally representative estimates on the characteristics of discharges, the lengths of stay, diagnoses, surgical and

non-surgical procedures, and the patterns of use of care in hospitals in various regions of the country. It is the benchmark against which special programmatic data sources are compared. Data collected through the NHDS are essential for evaluating health status of the population, for the planning of programs and policy to elevate the health status of the Nation, for studying morbidity trends, and for research activities in the health field. NHDS data have been used extensively in the production of goals for the Year 2000 Health Objectives and the subsequent monitoring of these goals. In addition, NHDS data provide annual

updates for numerous tables in the Congressionally-mandated NCHS report, Health, United States. Data from the NHDS are collected annually on approximately 250,000 discharges from a nationally representative sample of Federal hospitals. The data items collected are the basic core of variables contained in the Uniform Hospital Discharge Data Set (UHDDS). Data for approximately half of the responding hospitals are abstracted from medical records while the remainder of the hospital supply data through commercial abstract service organizations, state data systems, in-house tapes of printouts.

Respondents	No. of re-spond-ents	No. of re-sponses/re-spond-ent	Avg. bur-den/re-sponse (in hrs.)
Primary Procedure Hospitals	77	251	0.083
Alternate Procedure Hospitals	136	250	0.016
Update (Abstract Service Hospitals)	150	2	0.033
Quality Control Forms (Hospitals)	50	40	0.016
Induction Forms (Hospitals)	40	1	2

The total annual burden is 2,269.

Send comments to Allison Eydt; Human Resources and Housing Branch, New

Executive Office Building, Room 10235; Washington, DC 20503.

3. Functional Outcome and Use of Services Following Firearm Injuries—New—Patients admitted to an urban

hospital for treatment of a firearm injury will be followed in order to: (1) Examine the nature and extent of functional limitations and disability following a

firearm injury, (2) examine the factors that influence patient recovery, and (3) document the use of post-acute services and barriers to receiving those services.

The following data will be collected: (1) Patients will be interviewed in person prior to discharge and by phone at three months and nine months after

discharge, and (2) the medical record will also be abstracted.

Respondents	No. of respondents	No. of responses/respondent	Avg. burden/response (in hrs.)
Patients with firearms injuries	320	3	0.60

The total annual burden is 576. Send comments to Allison Eydt, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: November 29, 1995.

Wilma G. Johnson,

Acting Associate Director for Policy Planning And Evaluation, Centers for Disease Control and Prevention (CDC).

BILLING CODE 4163-18-P

[INFO-95-07]

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 639-3453.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the

proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques for other forms of information technology. Send comments to Wilma Johnson, CDC Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

Proposed Projects

1. Resources and Services Database of the CDC National AIDS Clearinghouse (NAC)—(0920-0255)—Extension—This is a request to extend this project for three years. NAC will mail the Resource Organization Questionnaire along with a cover letter once an organization is identified as providing AIDS-related services. Each organization will also receive a stamped, self-addressed envelope for the return of the questionnaire. If there is no response a follow-up letter will be sent along with another questionnaire and return envelope. A telephone call will be made to those organizations who respond but whose responses need clarification. Approximately one third of the entire Resources and Services Database is verified each year. As part of this process, 40 percent of these organizations will receive a copy of their current database entry by mail, including a cover letter, a list of

instructions, and a stamped, self-addressed envelope. The remaining 60 percent will receive a telephone call to review their record.

The Centers for Disease Control and Prevention (CDC) National AIDS Clearinghouse (NAC), is a critical member of the network of government agencies, community organizations, businesses, health professionals, educators, and human services providers that educate the American public about Acquired immunodeficiency syndrome (AIDS) and provide services for persons infected with human immunodeficiency virus (HIV). NAC's Resources and Services Database contains records of approximately 18,000 organizations and is the most comprehensive listing of AIDS resources and services available throughout the country.

NAC's reference staff rely on the Resources and Services Database to respond to more than 100,000 requests for information or referral each year. The Database is also the main information source for the CDC National AIDS Hotline which refers approximately 1.8 million callers from the general public each year to appropriate organizations for information, services, and treatment.

In its continuing efforts to maintain an up-to-date, comprehensive database, NAC is seeking renewal of approval of the survey instrument and proposed methods. The total cost to respondents is estimated at \$94,466.00.

Respondents	No. of respondents	No. of responses/respondent	Avg. burden/response (in hrs.)	Total burden (in hrs.)
Questionnaire	2,400	1	0.33	800
Clarification follow-up	360	1	0.17	60
Verification	10,636	1	0.33	3545
Verif. follow-up	993	1	0.17	166
Total				3771

2. Evaluation of a Training Curriculum for Hemophilia Nurses Who Teach Home Infusion and Infection

Control—New—The Hematologic Disorders Branch at CDC has plans to develop, pilot, and evaluate training

curricula for hemophilia health care providers to improve their knowledge and skills in teaching home infusion of
